Principal’s Message
Welcome to Bristol Elementary School and the 2017-18 school year, we are excited to have your family here at Bristol Elementary School! Everyone at Bristol Elementary School is committed to the success of every child we serve, and we look forward to working with our students and their families on their endeavor to realize their full potential.

Establishing and maintaining a safe environment that is conducive to learning is an essential precursor to student success. The policies, procedures, rules, and regulations outlined in this handbook have been established to support three overarching goals; to ensure the safety and well-being of all students and staff, to create an environment that supports student learning, and to maintain efficient operations that enable us to utilize our resources to best serve the needs of all students and their families. This handbook has been approved by the Bristol Local Schools Board of Education and reflects the Policies of the Board.

We have high academic standards for our students at Bristol Elementary School and we approach education as a partnership between the teachers and staff, students, and their families. We expect parents to be actively involved in the education of their children.

I encourage you and your child to become familiar with the contents of this document. This handbook contains information about student responsibilities and expectations, it is each student’s responsibility to be aware of these expectations and meet or exceed them every day.

Please do not hesitate to contact me at any time if you have questions or concerns about your child’s experience here at Bristol Elementary School. I can be reached at (330) 889-2700 or via email at ryan.stowell@bristol.k12.oh.us

On behalf of everyone at Bristol Elementary School I wish you a safe, successful, and rewarding school year!

Sincerely,

Mr. Ryan Stowell, Principal
Bristol Elementary School

The History of the Bristol Local School District
In 1803, Alford Wolcott, a surveyor for the Connecticut Land Company, received a parcel of land as payment for surveying an area in Trumbull County of the Western Reserve. On this land he erected a building and named the township Bristol in honor of his former home in Bristol, Connecticut.

In the next five years, many pioneer families moved from the East Coast to the area. The people recognized the need for schooling for their children; therefore, the first school was started in 1810. The first schoolhouse was made of logs. Its light came from the sun shining through small windows of greased paper.

As the township grew, several one-room schoolhouses dotted the township area. Near the end of the nineteenth century, a limited program of secondary education was added; the first students graduated in 1888. Centralization of township school facilities came in 1915 and has continued as such to the present time.

In July 1988, a merger occurred with the Farmington Local School District, which added an additional building and 400 students to the Bristol Local School District. Today a full comprehensive elementary, middle and high school are provided for its pupils.
Board of Education Philosophy
The Bristol Local School System exists to meet the needs of the pupils and the needs of society. Hence the needs of pupils and the needs of society become the center about which the school functions.

Pupils have common as well as individual needs. The district is responsible for ascertaining and meeting these needs. The personality of the pupil is to be respected, but such respect must be conditioned by the ideals of this democratic society of which he/she is a part. Learning is an active and passive process. The student learns most readily through participation. Individuals differ in interests, abilities, aptitudes, and learning styles, and insofar as possible, the district makes provisions for these differences.

The curriculum included all the experiences, which the district provides for the growth of the student. The content of the curriculum is developed by studying the needs of the individual and society. The curriculum shall be dynamic and flexible and continually strives for improvement.

As a general statement of philosophy, the Board of Education encourages research experimentation, and innovation.

The student is the primary person in the school system and the principle party in learning process. The student is expected to be actively involved in their learning.

The teacher is the most important factor in the teaching process. He/she shall have appropriate academic and professional training and a genuine concern for students. The teacher is of excellent character, high ideals, and dynamic personality and shall evidence a spirit of service. Teachers are encouraged to be active participants in the community.

The district, as a whole, shall be united, friendly, lively, and sensitive to the needs of its pupils and community. The district provides training in basic skills, problem solving, citizenship, personal adjustment, and career education. The goal of the district is to help each child develop into a critically thinking citizen who can act independently at an optimum level within the bounds of socially accepted criteria.

The Board of Education recognizes the value of continuing education to improve the quality of instruction and to promote the professional growth of its staff through appropriate means; which may include, but not limited to, in-service programs, staff meetings, graduate study, workshops, local area meetings, graduate study, workshops, local area meetings, and visitations to other schools. Beneficial human and physical resources of the community and region may be used in appropriate circumstances to enhance the instructional program.

Daily Schedule
It may be useful for you to know the time associated with each of the class periods. For example, a child may ask that you pick him/her up at the end of 6\textsuperscript{th} period or a class performance may begin during 2\textsuperscript{nd} period. It is least disruptive for students to leave school at the conclusion of a class period.

**Attendance Policy and Procedures**

**Rationale**
The Bristol Board of Education has legal responsibility to do everything in its power to insure that every student receives the opportunity to reach his or her maximum potential. Daily attendance in school by all students is important in helping a student to achieve the maximum potential of educational benefits. In many instances, irregular attendance is a major component of poor achievement in a student’s schoolwork. The educational process requires a continuity of instruction, classroom participation, cognitive experiences, and regular study in order for a student to achieve their potential from their formal education. The schools cannot provide continued instruction to student who is not present in school on a regular basis. Therefore, the Bristol Board of Education establishes the following Student Attendance and Absenteeism Policy.

**Grades K-4**
The school day officially begins at 8:37 and dismisses at 3:12
- Tardy = Student arrives between 8:38 and 9:38
- Absent 1 day = Student leaves the building before 12:05
- Absent 1 day = Student arrives after 12:05
- Absent ½ day = Student arrives between 9:39 and 12:05
- Absent ½ day = Student leaves building after 12:05
- Early Dismissal = Student leaves after 2:12
Grades 5-6
The school day officially begins at 7:48 and dismisses at 2:27

Tardy = Student arrives between 7:49 and 8:49
Absent 1 day = Student leaves before 11:21
Absent 1 day = Student arrives after 11:21
Absent ½ day = Student arrives between 8:50 and 11:21
Absent ½ day = Student leaves after 11:21
Early dismissal = Student leaves after 1:27

Definitions
The following terms are used throughout the attendance section.

Absence: Failure of a student to report to school or class when assigned for instruction.

Due Process Appeal: A request for reconsideration of a decision rendered. The order of due process appeals shall be:
• Step 1: The Building Principal
• Step 2: The Superintendent
• Step 3: The Bristol Board of Education

Early Dismissal: A parent/guardian request for a student to leave school due to an excusable reason. The list of reasons for an excused absence shall also apply to early dismissal.

Early Release: Only students approved in a work-study program will be granted permission for dismissal from school for the purpose of work.

Excused Absence: An absence from school that meets the standards found in Section 3301.69.02 of the Ohio Administrative Code and those approved by the Bristol Board of Education (Board Policy Section 5200), which include the following:
• Personal Illness
• Illness within the Family
• Quarantine of the Home
• Death of a Relative
• Work at home because of the illness of parent/guardian
• Observance of a religious holiday
• Family Emergency or set of circumstances which, in the judgment of the Bristol Superintendent, constitutes good and sufficient cause (an explanation will be required)
• Medical appointment that cannot be scheduled beyond school hours provided a doctor’s confirmation is received by the school
• A school sponsored activity
• Any activity or circumstance given approval by the building principal

Extended Chronic Illness: A period of fifteen consecutive certified absences due to a medical problem, which has been confirmed in writing by a student’s physician. The school will arrange for alternative educational instruction to take place in the home at no cost to the parent/guardian.

Late to School: Arrival to school after the official designated starting time.
Tardiness to Class: Arrival to a scheduled class after its official designated starting time. The bell schedule or an individual teacher’s classroom policy may extend this definition.

Truancy: Being absent without excuse or having an excusable reason.

Truant: Any student who is absent from school or class without expressed knowledge and/or permission from a parent/guardian or school official. Five (5) minutes or longer from a class will classify the student as truant.

Unexcused Absence: Any absence that does not meet standards of an excused absence as defined by Section 3301.69.02 of the Ohio Administrative Code and/or any absence that is not preceded by notification on the day(s) of absence and followed by a written excuse from a parent/guardian within a twenty-four (24) hour period after the student returns to school.

**Reporting Students Off from School**
Parents are to report a student’s absence(s) to the school on the day of the absence before 9:30 A.M. Students must be reported off each day that they will be absent.

**Parent Notification**
If an absence is not reported, an attempt will be made to contact the parents at home or work to verify the student’s absence. The school will attempt to make a follow-up phone call. Any absence not reported or confirmed by the parent and/or physician will be considered unexcused.

**Documentation Upon Return to School**
Parents are required to submit to appropriate school personnel a written explanation for the child’s absence within a twenty-four (24) hour time period for any absence(s) when the student returns to school. A student will have 48 hours to submit to school officials a medical confirmation for an absence. Students must present documentation related to their absence to receive make-up work.

**Make-up Work**
If your child is going to miss two (2) or more days of school, please contact the office no later than 9:00 AM to make arrangements for his/her assignments to be sent home. If a sibling or other relative is not available to bring the assignments to you please pick up the assignments before 3:00 PM.

**Early Dismissal**
Occasionally you may need to have your child leave school early. Students must obtain permission from the office for an early dismissal. Please include the following when you make the request:
- Reason for early dismissal
- Time of appointment and time of pick-up
- Parent/guardian signature
- Phone number where parent/guardian can be reached

**Vacations**
Consistent attendance is essential for students to achieve academically and vacations should be avoided when school is in session. Absences for vacation are not encouraged or condoned, and these days of absence will count toward the student’s maximum absences per year. A written request must be submitted to the building principal five (5) days prior to departure; this will allow teacher(s) to prepare work for the student. This assigned work will be due the day the student returns to school.
**Attendance Requirements**

The Bristol Local Board of Education has established a maximum of ten (10) excused and unexcused absences per semester and twenty (20) excused and unexcused absences per academic year as a basis for promotion. Excused absences (doctor, court documented, funeral documented), out-of-school suspension absences, reassignment to the office, and school activities do not count toward this requirement.

Vacations and unexcused absences count toward this requirement. A student must be present at least half the period to count as present. Unexcused early dismissals and late arrivals count against the attendance requirement.

**Habitual Truancy**

The State of Ohio has implemented new legislation that will take effect for the 2017-18 school year regarding students who are habitual truancy. A child is designated as “habitually truant” when he/she reaches any of the following levels of absenteeism:

- Thirty (30) or more consecutive hours. (Approximately five days).
- Forty two (42) or more hours in a school month. (Approximately seven days in a one month period.)
- Seventy two (72) or more hours in a year (Approximately twelve days.)

The school is to notify you with seven (7) working days if your child becomes habitually truant. You will be invited to participate in a truancy intervention team meeting to address the cause of your child’s absenteeism and a truancy intervention plan will be written. The plan will be monitored for sixty (60) days.

The school will file a court complaint on the sixty first (61st) day of implementation of the truancy intervention plan if all of the following apply:

- The student was absent without legitimate excuse from the public school for 30 or more consecutive hours, 42 or more hours in one school month or 72 or more hours in a school year.
- The school has made meaningful attempts to re-engage the student through the absence intervention plan or other intervention strategies and any offered alternatives to adjudication.
- The student has refused to participate in or failed to make satisfactory progress on the plan.

**Retention Due to Excessive Absences**

Students in Kindergarten through Sixth Grade will be retained if they accumulate more than ten (10) excused and unexcused absences in a semester or if they accumulate more than twenty (20) excused absences during the academic year.

---

**Building Policies and Procedures**

**Visitor Policy**

All visitors to the building are required to report directly to the school office, sign in, and obtain a pass. Parents will not be permitted to go to a child’s room without previous permission or consent (see Staff Communication and Conferences). Students that attend Bristol Elementary School will not be permitted to have friends, relatives, or other people attend school with them.
School Supplies & Fees
The Bristol Board of Education provides all basic textbooks at no cost to the students at our school. The condition of books will be recorded at the beginning of the school year. All books lost or damaged during the school year must be paid for according to the nature of the damage or loss. This also applies to library books. Checks should be made payable to Bristol Local Schools. Report cards will be held for the failure to pay work lunch charges. These charges will continue to accumulate from year to year until paid.

Money
If you give your child money for lunch, classroom books, field trips, etc., please put it in an envelope and write on the envelope your child’s name and the purpose for which the money is sent. All money must be submitted by your child to their teacher upon entering school. When paying for fees, please send a check rather than cash. If the check is to be used for more than one child, please indicate that on the envelope.

Staff Communication and Conferences
Parents are encouraged to attend regularly scheduled Parent/Teacher Conferences that are held in November and March. Your child’s teacher will contact you to arrange a time.

As parents/guardians, you may have questions or concerns regarding your child’s education. The following steps should be followed for having your concerns addressed:

- Contact your child’s teacher by sending a note or email, the teacher will contact you by phone, email, or through written communication. In many cases this is all that is necessary to achieve resolution of a parent’s concerns.
- If you would also like to discuss the situation with the principal please contact the school office at (330) 889-2700 or email the building principal.
- If your concerns persist after these steps have been taken please contact the office to make an appointment to discuss your concerns personally with the teacher and principal.
- Please contact the superintendent if your concerns are not addressed after speaking and/or meeting with the building principal.

We cannot accommodate requests to speak with teachers without prior arrangements, please do not come to the office and ask to go to a classroom to discuss a situation with your child’s teacher during the school day. This includes during breakfast and dismissal times.

Many teachers utilize electronic means to communicate with families. Understand that teachers do this voluntarily and are under no obligation to respond to communications through these applications and/or websites.

We expect parents and family members to speak respectfully to teachers and staff. Parents who display disrespectful, belligerent behavior toward teachers and staff members will be required to communicate solely through the building principal.

Morning Drop-Off Procedures
You may pull up to the curb to drop your child off or park in the lot and walk your child to the waiting area inside. If you choose to drop your child off in the curb lane, let your child out on the curb side of the car.
If you need to come inside, please park in the parking lot and escort your child to the crosswalk point. If you are going further than the waiting area in the building, all parents and/or guests must enter the front office and sign in with the office staff. K-4 students cannot be dropped off before 8:10 AM.

**After School Pick-up Procedures**

Parent pick-ups and walkers are dismissed from their classrooms at 3:12 p.m. each day. Staff members will bring the students outside. If you are picking up your child after school, please pull up to the curb along the front entrance to the elementary building or park in the lot. All students should load from the curbside. Do not exit your vehicle while in the curbside pickup.

You may park in the lot and come check out your child. **Do not motion your child to come to you but walk to the staff member with the check-out list.** For the safety of all, we will only be crossing the pickup line via the crosswalk.

After the first group of cars is loaded and moved on, the next group of cars will be signaled to move up and the process will be repeated. Please be patient and wait for the car to load in front of you. It may be tempting to pull out and around, but only do so if instructed by a staff member.

The person who is picking up the student must be an adult/guardian or a person 18 years old or over who is listed on your emergency form. If another person is picking up your child (not on the emergency card), there must be a parent note sent in that morning which the child has given to the teacher granting permission for that pick-up change. We will ask for photo identification. Failure to produce proper identification, when requested, will result in your child not being permitted to leave.

All bus riders will be dismissed to their designated bus lines at 3:15 P.M. each day.

If your child needs picked up at the office rather than getting on his/her assigned bus, those requests also need to be sent in with your child in writing. If you call in to the office during the day to request a change from bussing to parent pick up it MUST be done no later than 2:30 P.M. **The parent/guardian must enter the building to sign the student out.**

**Cafeteria**

Lunch will be served each day school is in session. No one will be permitted to leave school for lunch. The price for a hot lunch, which includes milk, is $2.40 per day (K-4) & $2.65 per day (5-6). The charge for a half-pint of milk is $.50 per day for students that bring a packed lunch. Free lunches or lunches at a reduced cost of $.40 are available to students who qualify. Free/Reduced Lunch Form applications must be filled out and returned to the school to determine eligibility.

**Recess**

Students will not be permitted to go outside unless the temperature is thirty-two degrees Fahrenheit. Students are expected to have appropriate attire to participate in recess, particularly during the winter months. At the teachers’ discretion students who do not have appropriate attire will not participate in recess.

**Field Trips**

Parents will be asked to sign permission slips when students take field trips. The parent’s signature acknowledges that the parent is aware that the student will be away from school, the location of the field trip, the educational nature of the field trip and its purpose. The parent has the right to deny participation. Only students whose parents have signed permission slips will be permitted to participate in such activities.
Parent chaperones will be limited to two for each bus transporting students for the field trip. The only exception would be if a field trip venue requires a specific number of chaperones per student.

In most cases parents may transport themselves to the site of the field trip if they wish. However, there are venues that limit that total number of participants from a school. Should this be the case the teacher(s) organizing the field will communicate these expectations to family members.

Students are expected to demonstrate appropriate behavior at all times, the Code of Conduct applies during field trips. Students who have failed to meet behavior expectations at school may not be permitted to participate in field trips.

Celebrations and Parties
We understand that celebrating birthdays and holidays is an enjoyable part of a child’s elementary school experience. We ask that you coordinate these activities with your child’s classroom teacher(s) so that they can occur with minimal disruption to our academic instruction.

The teachers and principal will set guidelines for classroom parties that are deemed appropriate for each grade level and group of children. We ask that you respect these guidelines and refrain from conducting activities that have been deemed to be dangerous or inappropriate.

Telephone Use
During the school day the telephone in the office may be used only for emergency situations, not for bus passes or homework.

Use of Personal Phones and Devices
Students may possess a phone. However, this equipment must be turned off and out of sight at all times. Staff members who discover a student using an electronic device will confiscate the device and turn it in to the building principal.

Emergency Drills
Fire drills and tornado drills will be conducted monthly and are required by law. Fire and tornado drill evacuation sites and procedures are posted in each room. The purpose of a fire drill is to evacuate the students from the building as quickly and orderly as possible. Procedures for tornado drills will be announced over the public address system. Fire and tornado drills must be taken seriously; they are held for your protection and security. Lockdown Drills will also be frequently conducted. Rules for all drills are the following: absolutely no talking, running, pushing or shoving. Violations will be considered insubordination and disciplinary action will be administered accordingly.

Homework Policy
Students and parents should expect homework throughout the school year. Developing the organization and self-discipline to regularly complete homework assignments is a significant goal of our elementary program.

The student’s responsibilities for homework include:

- Keeping track of all homework assignments.
- Carefully and neatly completing all homework.
- Handing in all homework assignments on time.
- Bringing home proper materials to complete homework.
The parent’s responsibilities include:

- Assisting their child in finding a quiet place to work.
- Establishing a regular time to complete homework.
- Review your child’s papers when they bring them home.
- Help your child develop ways to keep track of assignments in an organized manner.
- Provide help when your child is confused and needs help with an assignment.
- Check with your child daily about homework and how their school day was.
- Be positive with your child about school.

**Grade Reports**

**Withdrawal of Students When Moving**

It is important that you notify the school as soon as possible when you move out the school district. You should be sure upon leaving for your new school that you have taken care of all obligations such as returning all school books, paying any fees due, and picking up all personal belongings of your child. Please fill out a Withdrawal Form in the school office. If possible, we need to know the location of your child’s new school. The new school in which your child enrolls will send a request for their records. As soon as we receive this request, we will forward the records immediately.

**Promotion or Retention**

The promotion or retention of a student in any grade level should be in the best interest of the student. The first consideration for student retention is failing grades or minimum goals prescribed on the Individual Educational Program. However, academics will not be the sole factor in the determination of retention. The student’s age, maturity level, emotional and social criteria must also be considered on an individual basis. Retention shall occur only if it presents the possibility of allowing the student to function successfully at grade level in these areas and it is viewed as an opportunity for growth. If deemed necessary, it should occur as early as possible in a student’s educational program.

**Dress Code**

The following guidelines are intended to ensure the safety of all students and promote an environment conducive to learning for all students. This list is not exhaustive and the administration maintains the ability to alter the dress code at any point or ask students to refrain from wearing clothing or accessories that are deemed to be disruptive to the learning of other students.
• Shorts will only be permitted during August, September, October, March, April, and May unless otherwise announced. Shorts must be of appropriate length. (Use the “arm length” test)
• Hats and bandannas are prohibited. Hooded sweatshirts are acceptable but the hood cannot be worn in school.
• Coats or backpacks cannot be worn in the school.
• Shoes and socks must be worn at all times. Sandals and flip-flops are not permitted.
• Clothing with tears, slits, or holes above six-inch inseams are prohibited.
• Halter-tops and tank tops are prohibited; all shirts/tops must have sleeves.
• Hair must be well-groomed and clean; length should be left to the parents and student discretion. Hair color and style must not interfere with the educational process of other students.
• There should be no pierced body parts other than ears.
• The wearing of low waist jeans or pants is prohibited. Pants must be worn at the waist.
• Shirts with text or pictures must be appropriate. Clothing may not promote the use of drugs, tobacco, or alcohol. Any messages deemed inappropriate by the school administrators will not be permitted. Dress that mocks religious groups will also not be permitted.
• No tattoos, face or body paint are permitted.

**Code of Conduct and Discipline Procedures**

Discipline at Bristol Elementary School shall be directed toward teaching children positive behavior, independence, good citizenship and responsibility. It shall encourage students, guide them, help them feel good about themselves, and most importantly, teach them to think for themselves.

The school must maintain order because it is a prerequisite to learning. The authority of the teacher and the administration are necessary as children are led slowly and gradually to the point of self-discipline. Rules and corrective measures are devised to make sure that the welfare and safety of all students are preserved. In situations of undesirable behavior it is necessary for the school to make interventions a constructive and educational matter so that it will ultimately help the student. Students should see that firmness and fairness are compatible at school as well as home. It must be kept in mind that students come from many different backgrounds and various degrees of permissiveness. Awareness of school rules as well as the need for them should be shown. It is our intent that all students act appropriately. We want to establish an educational atmosphere that is conducive to learning.

**Green Zone and Panther Pride Program**

The Green Zone Program has been in use at BES for over ten years, this program provides our staff with a common approach to address many most minor infractions that occur during the school day. The system utilizes a color chart comprised of red, yellow, green, and gold. Each teacher will establish their classroom rules and consequences for violating them, which may include reprimands, isolation within the classroom, counseling or loss of privileges.

- Each morning your child will start his/her day on “Green.”
- If established classroom or school rules are violated, your child may be warned that he/she is about to be placed on “Yellow.”
- If the inappropriate behavior continues, your child will be told that he/she is now on “Yellow.” In some cases and grade levels a student may be moved to yellow without receiving a warning.
- Predetermined consequences established by the classroom teacher will be implemented.
• If inappropriate behavior continues, your child will be placed on “Red” and sent to the principal’s office for counseling. The principal will administer consequences in accordance with the Code of Conduct.
• Every Friday you will receive a summary/data folder of your child’s week.
• You will be asked to review your child’s Data Folder, discuss it with your child, sign it, and return it to your child’s teacher each Monday.
• In some cases, you may receive a daily summary of behavior so the communication between the school and home can be even more efficient.
• Students who stay on “Green” for the entire week will be invited to a “Green Club Celebration” each Friday. Typically this would be an extra recess, movie with a light snack, game time, etc.
• Students who do not stay on Green will remain in the traditional classroom and be asked to work on school assignments.
• Students who display behavior that goes above and beyond expectations will be recognized by reaching the “Panther Pride” level and will be eligible for a reward each month.

One table applies to students in kindergarten through fourth grade, while the other applies to students in fifth and sixth grade. **Bullying and Other Forms of Aggressive Behavior**

Bristol Local School Board of Education is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The Board encourages the promotion of positive interpersonal relations between members of the school community. Aggressive behavior toward a student, whether by other students, staff or third parties is strictly prohibited and will not be tolerated. This prohibition includes physical, verbal, and psychological abuse and cyberbullying. The Board will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. This policy applies to all activities in the school, including activities on district property or while enroute to or from school and those occurring off school property if the student or employee is at any school sponsored, school approved or school related activity or function, such as field trips where students are under the school’s control, or where an employee is engaged in school business.

This policy has been developed in consultation with parents, employees, volunteers, students, and community members as prescribed in Revised Code 3313.666 and the State Board of Education Model Policy.

Aggressive behavior is defined as inappropriate conduct that is repeated enough, or serious enough, to negatively impact a student’s educational, physical, or emotional well-being. This type of behavior is a form of intimidation and harassment. Harassment, intimidation, or bullying means an intentional written, verbal, or physical act that a student has exhibited toward another particular student and the behavior causes mental or physical harm to the other student, and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student or interferes with the education of the student. Harassment, intimidation, or bullying includes, but is not limited to, any act which subjects an individual or group to unwanted, abusive behavior of a nonverbal, verbal, written or physical nature on the basis of age, race, religion, color, national origin, marital status, disability, sexual orientation,
physical characteristics, cultural background, socioeconomic status, or geographic location. Examples of these include, but are not limited to:

Physical – hitting, kicking, spitting, pushing, pulling, taking and/or damaging personal belongings or extorting money, blocking or impeding student movement, stalking, hazing, unwelcome physical contact.

Verbal/Written – taunting, malicious teasing, insulting, name-calling, ridiculing, humiliating, making threats.

Psychological – spreading rumors, manipulating social relationships, coercion, or engaging in social exclusions/shunning, extortion, or intimidation.

Cyberbullying – the use of information and communication technologies such as e-mail, cell phone and pager text messages, instant messaging (IM), defamatory personal web sites, and defamatory on line personal polling web sites, on school grounds or at school events to violate A, B, or C above.

Any student or student’s parent/guardian who believes she/he has been or is the victim of aggressive behavior or bullying should immediately report the situation to the teacher, principal, or Superintendent. The student may also report concerns to a counselor who will be responsible for notifying the appropriate administrator or board official. Complaints against a school staff member should be filed with the building administrator. Complaints against the administrator should be filed with the Superintendent. Complaints against the Superintendent should be filed with the board president.

Every student is encouraged, and every staff member is required, to report any situation that they believe to be aggressive behavior or bullying directed toward a student. Such complaints shall be reasonably specific including person(s) involved, number of times and places of the incident, and the names of any potential student or staff witnesses. A school staff member or administrator who receives a complaint shall promptly document the complaint in writing. This written report shall be promptly reported by the school staff member to the building principal or appropriate administrator, as mentioned above, for review, investigation, and action.

All complaints about aggressive behavior or bullying that may violate this policy shall be promptly investigated. The investigation process shall include finding of fact, a determination of whether acts of harassment, intimidation, or bullying were verified, and, when prohibited acts are verified, a recommendation for intervention, including disciplinary action shall be included. Parents or guardians of any student involved in a prohibited incident must be notified to the extent permitted by law.

Prompt and appropriate remedial and/or disciplinary action will result if the investigation determines that an instance of harassment, intimidation or bullying has occurred. This may include up to expulsion for students, up to discharge for employees, exclusion for parents, guests, volunteers, and contractors, and removal from any officer position and/or a request to resign for Board members. Individuals may also be referred to law enforcement officials.

The complainant shall be notified of the findings of the investigation, and as appropriate, that remedial action has been taken.

This policy shall not be interpreted to infringe upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by State or Federal law).
Strategies will be utilized to facilitate protection of a victim from additional harassment, intimidation, or bullying. Retaliation against any person who reports, is thought to have reported, files a complaint or otherwise participates in an investigation or inquiry concerning allegations of aggressive behavior or bullying is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as aggressive behavior. Making intentionally false reports about aggressive behavior or bullying for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally false reports may result in disciplinary action as indicated above.

The above definitions are provided for guidance only. If a student or other individual believes there has been aggressive behavior or bullying, regardless of whether it fits a particular definition, she/he should report it and allow the administration to determine the appropriate course of action.

Privacy/Confidentiality
Bristol Local Schools will respect the privacy of the complainant, the individual(s) against who the complaint is filed, and the witnesses as much as possible, consistent with the Board’s legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under this policy and its related administrative guidelines shall be maintained as confidential to the extent permitted by law.

Reporting Requirement
At least semi-annually, the Superintendent shall provide to the President of the Board a written summary of all reported incidents and post the summary on the district web site (if one exists), to the extent permitted by law. The list shall be limited to the number of verified acts of harassment, intimidation, and/or bullying, whether in the classroom, on district property, to and from school, or at school-sponsored events.

Immunity
A school district employee, student, or volunteer shall be individually immune from liability in a civil action for damages arising from reporting an incident in accordance with a policy adopted pursuant to this section if that person reports an incident of harassment, intimidation, or bullying promptly in good faith and in compliance with the procedures as specified in this policy. Such immunity from liability shall not apply to any person determined to have made an intentionally false report about harassment, intimidation, and/or bullying.

Notification

Bristol Local School District Student Chemical Abuse Policy
The Bristol Board of Education recognizes the serious social problem of chemical abuse and dependency and that the dependency state of chemical use is a primary illness, which is treatable. Health problems of youth
are primarily the responsibility of the home and community. Schools share in that responsibility because problems related to chemical use, abuse, and dependency often interfere with behavior, learning, and the fullest possible development of each student.

The district will take a comprehensive, progressive, age appropriate approach in the development of curricula and programs which address the legal, social, and health consequences of drug and alcohol use and which provide information about effective techniques for resisting peer pressure to use illicit drugs for all students in all grades of the schools operated and served by the Bristol Board of Education, from early childhood level (Headstart) through grade 12. Opportunities for continued alcohol and other drug use prevention and intervention staff training awareness will be made available in order to enhance the consistent implementation and success of this policy.

The Bristol Board of Education recognizes the use of illicit drugs and unlawful possession and use of alcohol is wrong and harmful for students. The school should play a major role in the early detection of chemical use, abuse, and dependency; the protection of the student from the promotion and sale of alcohol and unprescribed drugs; and the establishment of a partnership role with the family and institutions in seeking treatment for chemically dependent persons.

Chemical abuse and dependency are seen as progressive disease, therefore, both rehabilitation and disciplinary measures may be necessary. In every instance, the school will endeavor to support and provide opportunities for help and follow-up services. The school recognizes that the solution to the difficult problems of addiction is most effectively approached by society as a whole.

The Bristol Board of Education is committed to achieving an environment free of chemical, abuse or dependent within our student body, our faculty, and our employees. This goal, however, cannot be achieved by services, mental health and treatment centers, appropriate agencies, and concerned citizens must also play a role if our goal is to be accomplished.

Professional assistance may include but not be limited to an alcohol/drug educational program; assistance will follow through based on the assessment findings, counseled outpatient treatment of inpatient treatment. Students who need to take prescription, nonprescription medication must adhere to the policies described within the student handbook.

**Intervention/Referral**
It shall be the policy of the Bristol Local School to provide intervention process designed to confront problem behaviors within students which may indicate alcohol and other drug Intervention strategies will reflect a collaboration of staff, administrators, guide personnel and the drug free school program coordinator. Intervention strategies will be initiated but not limited to the following circumstances:

1. Students seeking help.
2. Students exhibiting inappropriate, unusual or a typical behavior.
3. Disciplinary action involving violations of this policy and the students code of conduct.

A working relationship will exist among the district and local professional helping agencies in order to enhance familiarity communication, referral, and follow-up.

school. Students will be recognized as absent due to medical reasons. Every effort will be made by Bristol Local School to maintain contact with the treatment agency and provide academic instructional material. Every effort will be made by the school district to assure students successful transition back into the school atmosphere.

Support/Guidance
Bristol Local Schools recognize the importance of guidance activities, which provide support to students who are experiencing problems either directly or indirectly due to alcohol and other drug use. Programs such as individual guidance support groups and mentorship programs will be utilized as a means of providing support and guidance to students within the school environment. Such activities may also be provided which promote drug free lifestyles and support for students who are concerned in regards to a loved ones' alcohol or other drug use.

The student using and/or possessing chemical substances, controlled substances, counterfeit substances, controlled narcotics, alcohol, and possession of paraphernalia will be suspended ten (10) school days; the school will file formal charges with the appropriate justice system (Juvenile/adult); and a recommendation for expulsion will be submitted to the superintendent of schools.

Computer Network and Internet Acceptably Use Policy and Agreement
The Bristol Local School District is pleased to make available to students access to interconnected computer systems within the District and to the Internet, the worldwide network that provides various means of accessing significant educational materials and opportunities.

In order for the School District to be able to continue to make its computer network and Internet access available, all students must take responsibility for appropriate and lawful use of this access. Students must understand that one student’s misuse of the network and Internet access may jeopardize the ability of all students to enjoy such access. While the School’s teachers and other staff will make reasonable efforts to supervise student use of network and Internet access, they must have student cooperation in exercising and promoting responsible use of this access.

Below is the Computer Network and Internet Acceptable Use Policy and Agreement (“Policy and Agreement”) of the School District and the Data Acquisition Site that provides Internet access to the School District. Upon reviewing, signing, and returning this Policy and Agreement as the students have been directed each student will be given the opportunity to enjoy Internet access at School and is agreeing to follow the Policy. If a student is under 18 years of age, he or she must have his or her parents or guardians read and sign the Policy. The School District cannot provide access to any student who, if 18 or older, fails to sign and submit the Policy
to the School as directed or, if under 18, does not return the Policy and Agreement as directed with the signatures of the student and his/her parents or guardians.

Listed below are the provisions of your agreement regarding computer network and Internet use. If you have any questions about these provisions, you should contact the person that your School has designated as the one to whom you can direct your questions. If any user violates this Policy and Agreement, the student’s access will be denied, if not already provided, or withdrawn and s/he may be subject to additional disciplinary action.

**Personal Responsibility**
By signing this Policy and Agreement, you are agreeing not only to follow the rules in this Policy and Agreement, but also are agreeing to report any misuse of the network to the person designated by the School for such reporting. Misuse means any violations of this Policy or any other use that is not included in the Policy, but has the effect of harming another or his or her property.

**Term of the Permitted Use**
A student who submits to the School, as directed a properly signed Policy and Agreement and follows the Policy to which she or he has agreed will have computer network and Internet access during the course of the school year only. Students will be asked to sign a new Policy and Agreement each year during which they are students in the School District before they are given an access account.

**Purpose and Use**
The School District is providing access to its computer networks and the Internet for only educational purposes. If you have any doubt about whether a contemplated activity is educational, you may consult with the person(s) designated by the School to help you decide if a use is appropriate.

Do not arrange a face-to-face meeting with someone you “meet” on the computer network or Internet, if you are under 18, without parental permission, and regardless of age, in a secluded place or in a private setting.
  - Among uses that are considered unacceptable and constitute a violation of this Policy and Agreement are:

Even if materials on the networks are not marked with the copyright symbol, you should assume that all materials are protected unless there is explicit permission on the materials to use them.
Uses that cause harm to others or damage to their property: For example, don’t engage in defamation (harming another’s reputation by lies); employ another’s password or some other user identifier that misleads message recipients into believing that someone other than you is communicating or otherwise using his/her access to the network or the Internet; upload a worm, virus, trojans, time bombs, or other harmful programming or vandalism.

Uses that jeopardize the security of student access and of the computer network or other networks on the Internet: For example, don’t disclose or share your password with others; impersonate another student

Uses that access controversial or offensive materials

All users and their parents/guardians are advised that access to the electronic network may include the potential for access to materials inappropriate for school-aged pupils. Every user must take responsibility for his or her use of the computer network and Internet and stay away from these sites. Parents of minors are the best guides to material to shun. If a student finds that other users are visiting offensive or harmful sites, he or she should report such use to the person designated by the School.

Computer Network Student Agreement Form
The Computer Network Student Agreement Form, found in Appendix B, must be completed for students to have access to the district’s technology and internet access.

Emergency Medical Authorization

If any changes need made on the Emergency Medical Authorization Form during the school year, please inform the school in writing.
