June 2019 Bullying Report

State law requires Bristol High School to submit a semiannual report regarding bullying incidents. As of the end of the school year there were 1(one) incident that rose to the level of bullying. The student was disciplined and the behavior did not persist beyond the initial discipline referral. This incident was online through social media.

Additionally the High School had several incidents in which students had disagreements and may have initially used the term bullying to describe the incidents, the definition of bullying is a continued or persistent behavior. The incidents that were reported were dealt with through the discipline policy in the student handbook and did not rise to the level of bullying because they did not become persistent. The High School teaching staff and School Counselor work very hard to ensure that all children are educated in a safe environment free from harassment and bullying.
