## January 2022 Bullying Report

State law requires Bristol High School to submit a semiannual report regarding bullying incidents. As of the end of the school year there were 0 (zero) incidents that rose to the level of bullying. Although the High School had several incidents in which students had disagreements and may have initially used the term bullying to describe the incidents, the definition of bullying is a continued or persistent behavior. The incidents that were reported were dealt with through the discipline policy in the student handbook and did not rise to the level of bullying because they did not become persistent. Those incidents included online incidents involving social media, an incident involving graffiti messages in the restrooms and some minor threats. The High School teaching staff and School Counselor work very hard to ensure that all children are educated in a safe environment free from harassment and bullying.
