

Extended Learning For Art Kindergarten – Sixth Grade:

Greeting artists, I hope you are all doing well! During this crazy time we have to get a little creative with our art lessons. I know that not everyone has the same art supplies at home so what I have done is created one choice art board for each of the four weeks of April. Each board has four options that you can choose from. What I would like you to do is choose one option a week to complete. Please remember that your art work should take up the entire piece of paper and it needs to be colored with what ever type of art supplies you have! Once you have completed your project, please take a photo of your masterpiece and email it to me at megan.pankuch@bristol.k12.oh.us so that I can give you credit for all your hard work! If you cannot email me a photo of your work, please hold onto it so it can be turned in at a later date. If you have an idea for a project that is not on the choice board (a stop animation movie, a 3D sculpture, a woodworking project, a sewing project) that you would like to do, please email me your ideas and we can talk about turning that into your weekly assignment! I know all of you are so talented so I want you to use this time out of school to really explore, create, and make! If you have any questions, please do not hesitate to reach out and ask! I cannot not wait to see you again!

Love,
Miss Pankuch

Choice Board For the week of APRIL 6th KDG-6th Grade

Family Activity

Found Object Color Wheel

Look around your house and collect objects to create your own color wheel. (please remember to put everything back in its place when you're done!)

YouTube Tutorial

There are so many amazing drawing tutorials online... with permission from your parents, go on YouTube and search for one of the following:

Art For Kids Hub
Drawing Geek
Draw So Cute

There are **MANY** different videos to choose from. Choose one, follow along with the drawing, add color, and send me a picture of your creation! I cannot **WAIT** to see what you make!!

Virtual Museum Tour

Cleveland Museum of Art

We are so lucky to have this museum so close to home! Did you know that you can explore the collection online? www.clevelandart.org/ Go take a tour and find your favorite piece of art! Once you have found it, recreate it so I can see which one you picked and don't forget to color it!

Drawing Prompt

Drawing challenge! It is fun to imagine yourself with superhero powers... if you could have any powers what would they be? For this challenge I want you to design yourself dressed in a superhero outfit showing off your powers! Maybe you have a flying pig as a sidekick? Who knows! Have **FUN!** Use the **WHOLE** paper to show me what you can do and don't forget a background so I know where the action is taking place!

Choice Board For the week of APRIL 13th KDG-6th Grade

Family Activity

Window Art

I know that we all must stay home right now, but that doesn't mean we cannot share our art with our community! Bring color and cheer to everyone who drives by your house by creating art for your window! Maybe your going to tape up Easter eggs you decorated or make a flower garden...whatever you choose it will make people smile as they drive by!

Drawing Geek
Draw So Cute

There are MANY different videos to choose from. Choose one, follow along with the drawing, add color, and send me a picture of your creation! I cannot WAIT to see what you make!!

Artist Study

Many of you know that my favorite artist is Vincent Van Gogh! One of Van Gogh's famous paintings was of his bedroom. Go online and take a close look at the painting. Now, take a sheet of paper and sit in the doorway of your bedroom and draw what you see just like Van Gogh! Use the whole paper and do not forget to add color!

Drawing Prompt

Drawing challenge!

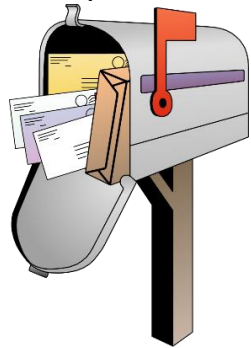

For this week's drawing challenge, I want you to draw your house on another planet. Think about how your house might have to be different if you lived on Mars (I mean...where are you going to park your rocket ship at?) What does the landscape look like where you live? Are there any aliens about? Is your pet dog in a space suite? Have fun and don't forget to color your masterpiece!

Choice Board For the week of APRIL 20th KDG-6th Grade

Family Activity

I know when I'm at school and you give me a note or a drawing from home it just brightens my day! Make a card for someone in your family or community that might need to smile! Write them a note and draw them a picture letting them know that your thinking of them!

Draw So Cute

There are MANY different videos to choose from. Choose one, follow along with the drawing, add color, and send me a picture of your creation! I cannot WAIT to see what you make!!

Artist Study

Claude Monet was a master of art. He would spend hours outside painting his gardens at his home. Go online and search for his paintings! Now, take a sheet of paper outside and draw what you see! Please do not forget to add color to your art!

Drawing Prompt

Drawing challenge!

Many mythical animals were created by combining two or more animals together to create a new one! For example, Pegasus was a combination of horse and bird. Create your own mythical animal by choosing two or more different creatures and combining them to create something new!

Choice Board For the week of APRIL 27th KDG-6th Grade

Family Activity

During this time of year, it is best to get outside as much as you can! Today's challenge is to get outdoors to make some art! Here are some ideas how:

- *Use sidewalk chalk to create a masterpiece!
- Collect found objects from nature and arrange them to make a picture
- *collect sticks and other natural materials to make your own paint brushes!

When your done, don't forget to take a photo, or describe to me what you did and email it to me!

Artist Study

Leonardo Da Vinci was hands down one of the most influential artists. His painting of the Mona Lisa is known world wide. Your challenge is to draw your own self-portrait however, I want you to make the background your favorite place to be! Maybe you'll be at the Cleveland Indians Stadium or in space...perhaps you'll be in your backyard having a camp out or perhaps you'll draw your self under the ocean! Have fun!

Drawing Prompt

Drawing challenge!

Have you ever looked at the bottom of your shoe? Believe it or not, there are tons of different designs on shoes! Trace your shoes on a piece of paper and I would like you to fill them in with your own creations! Maybe you'll fill them in with different line patterns...or maybe you'll cover them in cartoons! Your options are endless!
