## Bullying Report

June 2016

2015-2016

State law requires Bristol Elementary School to submit a semiannual report regarding bullying incidents. There have been three cases reported since the midway point of the 2015-2016 school year. The students were spoken to separately and parents were contacted. Discipline for the aggressor was determined by the severity of what occurred. The aggressor was dealt with and disciplined appropriately. After issue was addressed there were no further incidents. The elementary continues making efforts to implement character education and classroom activities on the topic of bullying. We will also work to promote positive student interaction.

Michele Stewart
