## June 2022 Bullying Report

State law requires Bristol High School to submit a semiannual report regarding bullying incidents. As of the end of the school year there were three (3) incidents that were legitimately reported as bullying and after investigation it was found that of those three (3) zero (0) rose to the level of bullying. Although the High School had several other incidents in which students had disagreements and may have initially used the term bullying to describe the incidents, the definition of bullying is a continued or persistent behavior. The incidents that were reported were dealt with through the discipline policy in the student handbook and did not rise to the level of bullying because they did not become persistent. The High School teaching staff and School Counselor work very hard to ensure that all children are educated in a safe environment free from harassment and bullying.
