July 30, 2021

To the Bristol Board of Education:

Our District Wellness Committee met back on Friday, May 7, 2021. I felt we were doing a good job meeting the majority of goals outlined in board policy so we focused on a few areas we could grow in.

The following recommendations were cited by the committee as potential areas to improve wellness in the district for the 2021-2022 school year:

- Focus on nutritional guidance for students especially at the high school level so students learn healthy habits (exercise and diet) and incorporate them into daily living practices.
- Continue Jump Rope for Heart in the elementary as it is positive program for students that had been affected by COVID-19 this past school year.
- Publicize Mental Health Awareness Month in May, but also year round as we must encourage our students to seek out help when they need it.

I want to say a special thanks to all the members of our committee for taking time out of their busy schedules to meet on such an important topic.

Sincerely,
Christopher J. Dray
